

Tara I

The clean lines of the Tara handleset will enhance the appearance of any door. Its classic handle shape and gentle curves are a perfect compliment for its high security features. With a sophisticated trim design, the Tara is as elegant as it is secure. The Tara handleset features a Grade 1; UL 437 rated deadbolt, high-quality solid brass construction and is available in an assortment of beautiful finishes and styles.

The Perfect First Impression

The graceful Tara handleset will enhance the style and value of any entrance. The brilliant, long lasting finishes on solid brass components ensure long life and lasting beauty.

Unmatched Security

At the heart of the Tara is a UL 437 rated, ANSI Grade 1 deadbolt, offering unmatched protection against unauthorized key duplication, picking, drilling, wrenching, kicking, or other physical abuse. A solid hardened steel bolt in heavy gauge steel housing provides maximum defense against physical attack.

Control Over Your Keys

The Tara handleset features UL 437 rated cylinders and keys, offering you complete control over who can make a copy of your keys. With this protection you are assured of knowing exactly who has access to your possessions and loved ones.

Available In Many Styles & Finishes

Tara handlesets are also available with a two-piece trim to fit doors with a non-standard lock preparation. The Tara series can be ordered with an interior knob or lever, single or double cylinder deadbolt and in a host of finishes.

Specifications:

Solid brass construction.

UL 437 patented key and cylinder system.

Triple locking action makes lock virtually pickproof.

Hardened steel inserts provide resistance to drilling.

1" throw hardened steel deadbolt resists sawing attack.

Reinforced strike for maximum resistance to kicking.

Solid brass collar on the deadbolt spins under pressure so a wrench attack is ineffective.

Reinforced deadbolt strike resists kicking attack.

Certification:

UL 437; ANSI Grade 1 (on deadbolt)
