

Cambria

The delicate ornamentation found on the Cambria line of high security residential hardware will add beauty to the entrance to any home while ensuring its occupants and contents have the best protection available. The Cambria handleset features a Grade 1, UL 437 deadbolt, high-quality solid brass construction and is available in an assortment of beautiful finishes and functions.

The Perfect First Impression

The ornate Cambria handleset will enhance the style and value of any entrance. Its solid brass components and durable finishes ensure long life and lasting beauty.

Unmatched Security

At the heart of the Cambria is a UL 437 rated, ANSI Grade 1 deadbolt, offering unmatched protection against unauthorized key duplication, picking, drilling, wrenching, kicking, or other physical abuse. A solid, hardened steel bolt in heavy gauge steel housing provides maximum defense against physical attack.

Control Over Your Keys

The Cambria handleset features UL 437 rated cylinders and keys, offering you complete control over who can make a copy of your keys. With this protection you are assured of knowing exactly who has access to your possessions and loved ones.

Available In Many Styles & Finishes

The Cambria is available with an interior knob or lever, single or double cylinder deadbolt, and in a host of finishes.

Specifications:

Solid brass construction.

UL 437 patented key and cylinder system.

Triple locking action makes lock virtually pickproof.

Hardened steel inserts provide resistance to drilling.

1" throw hardened steel deadbolt resists sawing attack.

Reinforced strike for maximum resistance to kicking.

Solid brass collar on the deadbolt spins under pressure so a wrench attack is ineffective.

Reinforced deadbolt strike resists kicking attack.
